Discussion/interpretation:

The Department of Administrative Services, Oregon Youth Authority and Department of Human Services jointly developed rules for the Medicaid funded Behavior Rehabilitation Services program. DHS separately developed rules that cover the responsibilities of contracted providers who care for children and young adults in the care or custody of the Department. DHS incorporated the DMAP rules covering Behavior Rehabilitation Services by reference into the DHS rules.

Implementation/transition instructions: Filed in November, 2013, these rules become effective January 1, 2014.

Training/communication plan: Behavior Rehabilitation Services programs will be presented at the January supervisor and Permanency quarterly regional meetings. In addition, Well Being Unit staffs are available for training and consultation at branch or unit meetings, or for individual consultation on child welfare cases.

Local/branch action required: Branches are expected to read and understand the rules. Training can be requested through the Well Being Program.

Central office action required: Provide training as requested.

Field/stakeholder review: ☒ Yes ☐ No

If yes, reviewed by: Rule Advisory Committee, Policy Council
